Member of the WIA, is 100 years old!
Peter Woifenden VK3RV

This month's cover

The background for this month is the new 20 m beam added to the mast at the Northern Corridor Radio Group station in VK6 - see the VK6 News on page 16 for further details. In this issue we also have some relatively simple projects to build, with two of them featuring as the inset photographs on the cover.

On the left we have the heart of the tuning indicator for a 100 W HF transmitter, by Warren VK3XSW- the project starts on page 33.

On the right is the bandpass filter unit described by Roderick VK3YC. This article starts on page 8.

Contributions to Amateur Radio

Amateur Radio is a forum for WIA members' amateur radio experiments, experiences, opinions and news. Manuscripts drawings and/or photos are welcome and will be considered for publication. Articles attached to email are especially welcome. The

WIA cannot be responsible for loss or damage to any material. Information on house style is available from the Editor.
