8

**REVIEW: ICOM'S NEW IC-775DSP HF RECEIVER**

Neil Duncan, VK3ND, drools over Icom's latest HF marvel.

12

**REVIEW:** Emtronics EPS-20 switch mode power supply.

14

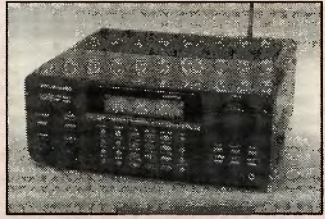

**HOBBY RADIO AND THE INTERNET**

Long-time Internet user David Flynn provides an introduction to this important communication medium.

20

**REVIEW: TANDY'S PRO-2035 SCANNER**

Tandy's PRO 2035 has a great deal to offer at a realistic price.

22

**RF, SENSOR LIGHTS & GARAGE DOORS...**

Neil Duncan amuses himself with some off-beat uses for stray RF.

24

**BUSHCOMM ANTENNA**

Low cost HF antenna has plenty of potential.

27

**ANTENNAS**

Steve Ireland explains the ins and outs of multi-band antennas.

32

**COMPETITION no.1 WIN AN ICOM IC-21A**

Hey! You could win this great rig!

34

**REVIEW: DYNALINK 1414VQE MODEM**

A fast 14,400 baud 'phone fax/modem — an Internet essential.

40

**REVIEW: HI-Q HF LOOP**

Check out this novel HF antenna.

43

**NEW AMATEUR REGS ARE FINALLY LAW!**

We detail the super changes...

44

**MODIFICATIONS**

This great new column helps you get the most from your rig...

48

**REVIEW: 2M OZTENNA**

This new 2M antenna is built to withstand a cyclone — and more!

52

**SPEECH PROCESSING**

What's speech processing all about? We explain how it works.

57

**REVIEW: GFS SP500**

You may love or hate the 'roger beep', but the new GFS speech processor delivers the goods!

59

**VSWR: BLACK SCIENCE?**

Is VSWR *really* all that important?

74

**THE NUMBERS GAME**

Mike Chace provides an explanation to those mysterious 'numbers' stations — CIA, Mossad, MI6 or what?

80

**THE B2 'SPAM' RIG**

Jim Smith reacquaints himself with an old wartime friend.

91

**COMPETITION no.2**

Here's another chance to win...

*...and of course all our usual feature columns*
