

KENWOOD TS-870S

Kenwood's been as quiet as a mouse for more than a year — then out of the blue comes this! Here's a new base rig with real *attitude*... and all the fruit!

AFFORDABLE InMarSat

InMarSat is a group of very expensive pieces of hardware floating about in earth orbit. Hard to catch at home, too... until now!

UNIDEN UBC-3000XLT

Compress a UBC-9000XLT base scanner on all sides and you might get this — a hand-held super scanner. Ken Reynolds put it through its paces...

PROJECT — BUILD AN HF RECEIVER, PART 1

One of the problems with being an inexperienced constructor is how *hard* things seem. Okay, try this. It's simple yet effective. We'll present part two next month.

REVIEW - VIPER MODEM

My hat, this thing *FLIE&*. If the last modem you had ran at 1200 baud, you'd better steady yourself for a real surprise. Len Shaw reports...

SPECIAL REPORT — OZ GP FREQUENCIES

Melbourne, March, Moomba... and screaming GP cars. Here's where to hear all the action...

IT'S ALL IN THIS ISSUE

ANTENNA REVIEW — TERLIN OUTBACKERS

Here's a crowd we can be proud of. Its US sales are on fire... and we know why! We test three amateur bands-only mobile beauties.

ALINCO DR-610T TEST

Gee, hasn't this outfit been busy lately! Yet another Alinco has come our way for review, and it's a beauty. Neil Duncan checks it out.

TASMANIA'S SKYRACE

Pylon racing has hit Oz! Sensational low-altitude air racing — and you can tune it on your air rig or scanner.

DIGITAL CELLULAR — CAN YOU SCAN THEM?

A curly question... and we put it to master scannist Russell Bryant.

WHAT'S ON FOR ME?

John Batty wanted to know what he should tune on his SW receiver. What he found was so much fun that he decided to share it with you.

ALFA TANGO DX LIST

Here's a countries list for CBers, but it shows the amateur details as well.

AMATEUR BAND PLANS

Our third — and last — instalment.

REVIEW — DICK SMITH HT

Here's a surprise entrant from left field! The new Dick Smith 11M AM CB handle is really *very* good, reports Ken Reynolds.

TROUBLE IN THE GROUP!

Duck! There's trouble in AT land...
