**22 BEYOND THE BLACK STUMP WITH VKS-737**  
So what's happening out in the sticks? Ask the VKS-737 crew!

**38 LIPDs: THE WIA CURB**  
The ACA has decided to withdraw its controversial Low Interference Potential Device class licence and start again. When it called for public comment on the matter, the WIA sprung like a well-oiled mouse trap. We present its entire submission.
