Our Cover this month

In the recent spate of bushfires in many areas in Australia, WICEN's contribution has been significant. The centre picture shows VK7 WICEN members Gavin VK7HGO and Robert VK7RB operating at the Bluff Road Control, Clarendon fire station during a recent fire near Hobart.

The background fire is from a shot taken in Eastern Victoria by Graeme Robertson, CFA volunteer firefighter and reproduced by permission of the CFA.

More details are in Jim Linton VK3PC's report on the Victorian bushfires. Many other contributors have also reported their experiences. See especially the Division News.
