

YAESU FT-100 REVIEW

Move over, IC-706, for you finally have a competitor in the all-new Yaesu FT-100 Field Commander. We put the newbie through its paces.

11M DXCC LISTING

Here's the latest round of call allocation areas for the 11M CBers.

THE HISTORY OF RADIO

We salute Greg Whiter, VK3CA, for this quite remarkable new look at the history of radio. Greg spent weeks researching and compiling this extraordinary documentary. If you read nothing else this month, read this! Congratulations Greg!

DAYTON HAMVENTION

The world's biggest gathering of radio amateurs took place last month. Ian Poole was there with a camera...

COMMANDO SOLO

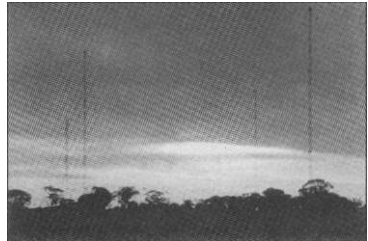

A *Military Scan* special... With a name like "193rd Special Operations Wing", this group could be anything. Get this: it's a mobile military broadcast station. Military specialist John Batty sneaks a look inside.

You'll find it in R&C!

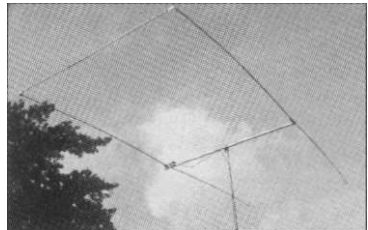

42 RADIO AUSTRALIA

Once one of the world's big voices on shortwave, RA has been nobbled by funding cutbacks. Is the voice of Australia still effective? John Figliozzi came to Australia to find out.

52 THE MOXON RECTANGLE

Here's an intriguing new antenna design from the well-known Les Moxon, G6XN. Story by VK3BCY

58 AN RI's MEMOIRS...

Another madcap story from a newly-retired radio inspector. Can it be true?

65 AMATEUR BEACON LIST

Here they are. What are you tuned to?

72 FEEDBACK...

Don't beat around the bush! Tell the world what you *really* think...

96 THE LAST WORD...

Have you had your E-Tag cranial implant put in yet? No? Read this story first...
