

Special Features

- 10 MEET THE IARN:** Disasters will never be the same again! Meet Glenn Baxter, K1MAN, Manager of the International Amateur Radio Network.
- 12 THE IDEAL HF MOBILE:** Neil Duncan, VK3AVJ, looks at what makes an HF mobiler tick...
- 16 THE POP-UP MAST REVISITED:** Pictorial proof the underground budget mast works...
- 18 SATELLITE TV:** Jacob Keness, from satellite TV suppliers OPAC, looks at Intelsat V.
- 20 CQ WW DX!:** The bands went nuts again for CQ Magazine's annual contest gluttony. Len Shaw, VK3NLS reports.
- 22 BUILD A 100 WATT HF TRANSMITTER:** Got any old QQE06/40s lying around? Put them to good use in the VK2SV all-band xmtr.
- 26 AFTER THE CLASSIFIEDS:** Here's what happened to Neil Duncan, VK3AVK, after the classifieds...
- 28 ANTENNA THEORY — PART 8:** Les Jenkins, VK3ZBJ, continues the course with a look at different antenna types.
- 32 JUDICIOUS REX RETURNS:** Maybe we'll all wind up with underground masts the way things are going...
- 34 DXCC COUNTRIES LIFT-OUT POSTER:** A handy guide to DXCC country prefixes. It will match the decor on your shack wall...
- 38 THE ROCK — PART ONE:** There's a lot more to the humble crystal than first meets the eye. Jim Smith, VK9NS reports.
- 44 THE G4ZU MINIBEAM — PART TWO:** Dick Bird concludes the story of the famous Minibeam.
- 48 ALTERNATIVE MICS FOR ICOM RIGS:** Tom Moffat, VK7TM, has designed mic pre-amps for those with non-Icom mics and Icom rigs.

Cover: VK7TM's Icom rig uses Yaesu microphones... and yours can, too! **Insets:** The handy pop-up mast — just drill a hole in the ground. And a 'see-through' mesh OPAC satellite dish. **Stories inside.** **Right:** Maybe Kolm's been down the same road. See 'After the Classifieds' on page 26.
