- 66—ADVERTISERS' INDEX**

Cover: would-be deputy editor **Justine Edmondson** demonstrates the finer points of how to use your microphone to greatest advantage: "The noise comes out here, doesn't it, daddy?" She had just finished a meal of a tasty torroid with power diode chaser... You'll find 'her' Dick Smith HF transceiver kit reviewed on page 36, and many of the tools examined in our **child's play!** story starting page 12. **Right:** You wouldn't believe the lengths we went to setting up the cover photo! Here, editor explains to harmonic why we shouldn't eat the review equipment. Great photos by ARA lensman Peter 'Blitz' Fritz, kit transceivers by Dick Smith, components from Stewart Electronics. Thanks all.
