- 44 VHF-UHF-SHF FREQUENCY LISTS:** The second and final part of Ash Nallawalla's biggest-ever frequency listing for amateur frequencies above 30 MHz.

Cover: ◁ Yaesu's FT-411 really is a surprise package. How can they jam so many features inside one case? And have they jammed too much in there for the average operator to use? Our report on the 'brain' starts on page 12. And check our next issue for the 'brawn', the fan-cooled FT-4700RH. ▷ Can you see the little hole at the end of the wingtip HF antenna? This mamma sure packs some punch! Read about it starting page 18. ⚡ The planet Jupiter: everything about it is huge, including that whopper red spot. So what is it? Paul Butler looks for an answer on page 32.

Next issue out August 8. Classifieds deadline 20 July.
